More information on e-recycling can be found at swancc.org/recycling/electronics-recycling

WHY SHOULD YOU RECYCLE ELECTRONICS?

Because Illinois has banned the disposal of most electronics in landfills.

Because electronic waste represents 2% of all waste, but 70% of toxic waste.

Because recycling creates jobs for recyclers and those in the scrap metal and glass business.

Donate to the Niles Food Pantry

During the electronics recycling event, the Public Works Department will also be collecting food donations or cash donations for the Niles Food Pantry. Please consider giving to this cause and supporting local residents in need!
